Introduction

This Handbook is to be used in conjunction with the Diocesan Directory.

Part One contains three sections of background information about the way the Diocese of Southwark is organised and run, together with some historical and biographical material.

Part Two contains the Pastoral Regulations.

Part Three consists of a series of substantial articles (called Guidance Notes) on aspects of Diocesan policy and practice.

Part Four contains ‘ad clerums’ from the Diocesan Bishop of enduring relevance. We suggest that as these arrive they are filed in this section.

A book of this nature is bound to be out of date almost as soon as it is published. It is produced in a loose-leaf format so that revised sections and new items can be added.

The Handbook has been produced by Communications and Resources at Trinity House. We will be pleased to receive your comments (in writing please) as well as a note of errors and omissions. Suggestions about other Guidance notes for inclusion in future editions would also be welcomed.

This Handbook can also be found on the Diocesan website at: www.southwark.anglican.org
