

A toolkit for Deaneries

National Deaneries Network

The National Deaneries Network is committed to the support and development of deaneries as units for mission and ministry. It was formerly known as the Church House Deaneries Group and the steering group continues to meet in Church House Westminster.

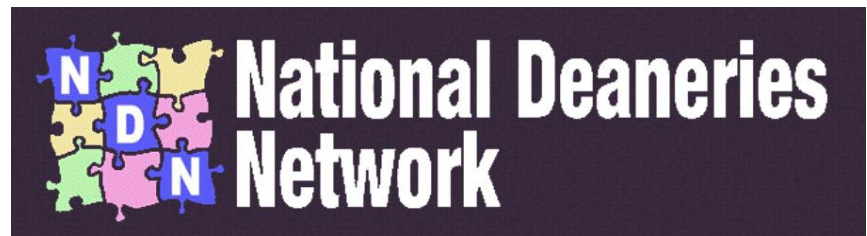

The National Deaneries Network's website includes information and resources for Deaneries and can be found here: <http://www.nationaldeaneries.net/>

The Network organises a national conference every two years which is particularly valued by Lay Chairs and Area Deans as a space for mutual support, networking and shared learning. The dates for the next two conferences are:

- Friday 5 to Sunday 7 October 2018 and
- Friday 9 to Sunday 11 October 2020.

Information and presentations from previous conferences can also be found on the Network's website.

A report from the 2016 National Deaneries Network conference from people attending from Southwark Diocese can be found on the Diocesan website here: <http://southwark.anglican.org/downloads/resources/Deanery-Conf-Report-2016.pdf>
