The six policy commitments are based on five foundations:

Church of England policy on domestic abuse

(From 'Responding Well to Domestic Abuse: Policy and Practice Guidance', second edition 2017: <http://bit.ly/CoERespondingWell>)

The Church of England is committed to raising awareness about domestic abuse and its impact on individuals, children, the wider family and community.

It will work to ensure that:

- the safety of individuals suffering abuse or seeking help is the first priority, and that there is an awareness of the need for confidentiality within the bounds of good safeguarding practice
- teaching and worship reflect awareness-raising about domestic abuse, use appropriate language and say clearly that domestic abuse is wrong
- inappropriate behaviour is challenged. This needs to be done extremely carefully, in a way that does not place any individual including a victim at increased risk
- clergy and clergy spouses have the same access to support and resources as others who are experiencing domestic abuse. In addition, the Diocesan Bishop will appoint a Bishop's Visitor whose role is to support the clergy or clergy spouse at the time of the breakdown of the relationship, and for as long as possible after, as required.

It is committed to all church bodies:

- adopting and publishing a local policy on domestic abuse, including whom to contact if there are concerns
- having clear procedures in place to respond to concerns about domestic abuse in line with [Responding Well to Domestic Abuse: Policy and Practice Guidance](#) and *Practice Guidance: Responding to, Assessing and Managing Safeguarding Concerns or Allegations against Church Officers*: <http://bit.ly/CofEConcerns>
- ensuring that signage is in place in local venues to demonstrate that a church or setting is willing to talk with everyone about domestic abuse and how to access support
- appointing a named individual who has responsibility for domestic abuse and violence and who is a point of contact for any advice and support. This may be the DSA, Parish Safeguarding Officer (PSO) or the nominated safeguarding lead
- training those in leadership positions, safeguarding roles and with pastoral roles on domestic abuse
- discussing domestic abuse and violence in appropriate contexts such as marriage preparation, youth groups, ordinand training and in church settings
- organising and promoting training and awareness-raising sessions
- working with statutory agencies and other support bodies; supporting and publicising their work.

Section 2: Diocesan policies

The Diocese of Southwark domestic abuse policy

All forms of domestic abuse are wrong and must stop. We are committed to promoting and supporting environments which:

- ensure that all people feel welcomed, respected and safe from abuse
- work to protect those experiencing domestic abuse from actual or potential harm
- recognise equality among people and within relationships
- refuse to condone any form of abuse
- enable and encourage concerns to be raised and responded to openly and consistently.

We recognise that:

- all forms of domestic abuse cause damage to the survivor and express an imbalance of power in the relationship
- all survivors (regardless of age, disability, gender, racial heritage, religious belief, sexual orientation or identity) have the right to equal protection from all types of harm or abuse
- domestic abuse can occur in all communities
- domestic abuse may be a single incident, but is usually a systematic, repeated pattern which escalates in severity and frequency
- domestic abuse, if witnessed or overheard by a child, is a form of child abuse by the perpetrator of the abusive behaviour
- working in partnership with children, adults and other agencies is essential in promoting the welfare of any child or adult suffering abuse.

We will respond to domestic abuse by:

- in all our activities:
 - valuing, listening to and respecting both survivors and alleged or known perpetrators of domestic abuse, whilst refusing to condone the perpetration or continuation of any form of abuse
- in our publicity:
 - raising awareness about other agencies, support services, resources and expertise, through providing information in public areas of relevance to survivors, children and alleged or known perpetrators of domestic abuse
- when concerns are raised:
 - ensuring that those who have experienced abuse can find safety and informed help
 - working with the appropriate statutory bodies during an investigation into domestic abuse, including when allegations are made against a member of the church community
- in our care:
 - ensuring that informed and appropriate pastoral care is offered to any child, young person or adult who has suffered abuse
 - identifying and outlining the appropriate relationship of those with pastoral care responsibilities with both survivors and perpetrators of domestic abuse.

We are committed to reviewing our policy and procedures regularly.
