HOW TO USE

For the organiser: you will need to liaise with your local food bank to check any current needs or items that they don't want to receive, and amend the lists as appropriate. You will also need to arrange how to deliver items: do they want to receive them every week, or in one big delivery after Christmas?

For the user: find a large box or Bag for Life which you can use for your collection. Plan your shopping in advance and add some items for the food bank. The items listed for each day are just suggestions: feel free to donate other items that are needed in your area, or to make a financial donation if that is more convenient.

As part of your Advent prayer and reflection, read the line of scripture, pray for those in need and those who work to support them, and place any donation in the place you have prepared.

Check with your local foodbank what their current list of needs is. The BanktheFood app (<https://bankthefood.org/App>) allows you to check the up to date needs of your local food bank.

Ensure that all items are in date for at least 3 months (or as advised by your food bank) and do not contain alcohol. Cigarettes are also not accepted.
