

Black history Month

On Sunday 23rd October, St Georges Church celebrated Black History Month, which was a joyous and memorable day.

In the church service, we were reminded that God loves us no matter our differences in colour, race or ethnicity.

It was a day of bonding with one another and sharing our cultural values and experiences. It was wonderful to see a multi-cultural crowd dressed in diverse patterns, and designs joining in with the commemoration. This Black history month, included amazing entertainment like dancing, rhymes, poems and music. Afro-Caribbean lunch was enjoyed with a variation of food, punch and succulent tropical fruits for dessert.

There were beautiful, assorted displays of African fashion designs, art and lovely African clothing and fashion wear to buy and make your fashion a bit more colourful. **Join us again next year!**
